FAN CLUB

FAMILIES ADVENTURE IN NATURE

WHAT IS IT?

FAN Club (Families Adventures in Nature) inspires students to explore and engage with the outdoors and carry the enthusiasm gained into their communities. As they connect with nature, they'll experience the many physical and mental health benefits of outdoor activity.

OUR OFFERINGS

Camp Surf comes to you! Camp Surf instructors come to your school site and facilitate programming designed to bring the magic of camp to you. The standard program is 10 one-hour sessions, but we can accommodate different variations depending on what works for your site or schedule.

You come to Camp Surf! Come to camp to explore on the beach, reach new heights on the climbing tower, challenge yourself on the archery range and more.

Community Meet Up! Students, families and friends meet at a local park or trail for a fun morning outside.

BONUS: We host family afternoons at Camp Surf, allowing kids to bring their friends and family to experience what they've been learning.

OUR LESSONS: Each day focuses on Outdoor Rec, Outdoor Skills or Outdoor Education.
